

Amazingly Care Ltd
Vision Office, Saxon House, 27 Duke Street, CM1 1HT
Info@amazinglycare.com
<https://www.amazinglycare.com>

At Amazingly Care, we know that arranging care often comes at a critical time, whether after a hospital stay or when a loved one suddenly needs support. That's why we offer **affordable, flexible care with fast start times**, so you're never left waiting when it matters most.

★ Limited Availability – Enquire Early

Due to high demand for reliable home care services, we only take on a **limited number of new clients each month** to ensure every individual receives the attention and consistency they deserve. We recommend getting in touch as early as possible to secure your preferred start date.

Live-in Care (from £1190 per week)

Our live-in care provides a **cost-effective alternative to care homes**, allowing you to stay safely in familiar surroundings. With one dedicated carer offering one-to-one support, many families find this option delivers **better value and more personalised care** than residential settings.

24-Hour Care Packages (from £199 per day)

We offer tailored 24-hour care designed around your needs — not a one-size-fits-all approach. This means you only pay for the level of support required, helping you **manage costs while still receiving dependable, round-the-clock care**.

Overnight Care (from £135 per night)

Our overnight care provides reassurance at an affordable rate. Whether you need occasional support or more active night care, we help reduce risks such as falls and hospital readmissions — offering **peace of mind for both clients and families**.

Daily Home Care Visits (from £24 per hour)

Flexible and budget-friendly, our home care visits can be arranged quickly to fit your routine. From personal care to companionship, we provide **reliable, consistent support that helps maintain independence at home**.

Why Families Trust Amazingly Care

- ✓ Transparent pricing — no hidden costs or surprises
- ✓ Carefully selected, trained, and DBS-checked carers
- ✓ Consistent carers to build trust and familiarity
- ✓ Responsive team with out-of-hours support available
- ✓ Proven support for hospital discharge and ongoing care

We care amazingly for all needs!
